

Adderson's Wear-Easy Shoe....

is a shoe made especially for farm use and that will wear "as easy as an old shoe" right from the start. A shoe in which there is not a peg or nail or thread to touch the bottom of the foot. A shoe that is almost as soft and flexible as a lady's hand turned. A shoe with a pure white oak innersole that is cooling to the bottom of the foot; all other every day shoes are made with cheap acid tanned red leather innersoles that burn, scald and blister the feet so badly in hot weather. A shoe that will give more comfort for general farm use than any shoe that has ever been gotten up.

We keep this shoe in Buckle and Congress & the price is **\$1.50**
Sizes 6 to 13.

TAYLOR'S MACHINE.

Has Flattened Out All Show of
Opposition.

The 'Torney Gin' Will Have Him-
self Nominated This Week
to Head the Ticket.

Lexington, July 10.—Republican conventions were held in ten counties of Kentucky Saturday and Attorney General Taylor made practically a clean sweep, carrying Floyd, Lawrence, Carter, Henderson, Knox, Palaski and half the vote of Lewis. Auditor Stone got half of Lewis county's vote and claims the uninstructed delegations from Boyd and Mercer. Judge Pratt carried Caldwell, which gave second instructions for Taylor. Mr. Taylor now claims 1,136½ instructed votes against 258½ for Stone and 136 for Pratt. There are 121 uninstructed votes, while conventions not held or unreported represent forty-two votes. The Taylor men claim 258 more votes than the number necessary to nominate. The convention here Wednesday will be a Taylor ratification meeting and the only contests will be for the other offices on the ticket.

GOOD WOMAN GONE.

Cut Down By Grim Reaper in
Early Life.

Mrs. Lula Morris Koon, wife of Mr. Thomas Koon, of Longview, died last Thursday afternoon, after an illness of several weeks. She was at first attacked with some stomach trouble and consumption of the bowels followed, which resulted in her death. She was 25 years old and was a sister of Messrs. Jeff and Stonewall Morris, of this city. She had been a member of Presbyterian church at Pembroke for several years and was a lady held in the highest esteem by a large circle of friends. The remains were interred in the Primm burying ground, near Elmo, Friday.

KUGLER TO LEAVE.

Will go This Week to Engage in
Business in Richmond Va.

Mr. J. H. Kugler and family will leave to-day for Richmond, Va., where Mr. Kugler has arranged to go into business.

He will be at the head of a syndicate operating mercantile houses in Richmond and Norfolk, Va., and Macon, Ga., dealing in novelties and articles sold for ten cents and less. The corporation is backed by ample capital and will do business on a large scale and the store will be up-to-date in every respect. Mr. Kugler carries within him the good wishes of many people in Hopkinsville, who have recognized in him a progressive and wide-awake business man. He is popular with the people and has the faculty of making friends wherever he goes. We predict for him a successful career in the Virginia metropolis.

BRYAN FOR GOEBEL.

Expressed the Hope That Ken-
tucky Would go Democratic
by 50,000 This Fall.

Lexington, Ky., July 6.—The Hon. William Jennings Bryan passed through this city this afternoon en route to Columbus, Ohio, where he will be entertained at a banquet given in his honor, Friday evening. He was met by prominent Democrats, who extended him a cordial welcome. He expressed a desire to see Kentucky go Democratic by a majority of 50,000 this fall. When asked about the convention of 1900, he said it would undoubtedly reaffirm the Chicago platform and add planks against trusts and imperialism.

WOE IN TEXAS.

Number of Destitute People Es-
timated at 45,000.

The Floods Are The Most Destruc-
tive Ever Known In The
State.

Austin, Tex., July 10.—Gov. Sayers stated to an Associated Press correspondent that, judging from all the reports he had received officially from the flooded district, there had been great loss of property, both personal and corporate; that hundreds of people had been bereft of their homes and belongings, and that at present there were in the neighborhood of 45,000 people, the majority of them being negroes, who were dependent entirely upon public charity for sustenance. The suffering of water-bound refugees has been very great.

The governor figures the reports to show that the loss of life has been comparatively small, not exceeding fifty persons. The heaviest farming losses will fall upon the owners of the big plantations in the bottom, who have lost all their crops and much of their physical property and are not being protected in the distribution of charity which is being expended only among the poor. Up to to-night Gov. Sayers has received \$30,000 in money contributions from this State and those charitably disposed in the East.

HOUSE NUMBERS.

The Official List Will Soon Be
Ready.

The city council has officially endorsed the street numbers that will appear in the new edition of Meacham's Directory of Hopkinsville. The numbering will be finished this week and duplicate numbers furnished to the city authorities, after which citizens can put up their numbers, where they have not already had them put up. Every dwelling house and business house in the city will be numbered and the numbers to be furnished at cost by the city will not cost more than ten or fifteen cents for three figures.

All citizens are warned not to attempt to number their houses upon information from non-residents acting without authority. The numbers must be officially approved by the city officers, who will be prepared to give the correct numbers in a few days.

NOW HIS OWN UNCLE.

Wedding Mixes Up a Preacher's Relationship to His Family.

Mt. Olivet, Ky., July 5.—Mrs. Hayward, a well-preserved widow of about fifty winters, was married in Maysville to a widower of Vanceburg, named Pollitt. Mrs. Hayward is a mother-in-law of Rev. Halstead Pollitt, of the M. E. Church, South, of this place, and her husband is his brother.

It is a good thing that the reverend gentleman possesses the blessing of the entire sanctification else he might lose his religion trying to figure out the complications of the ties which bind him to his family. By this union his mother-in-law becomes his sister-in-law, his wife his niece and his two children his great niece and nephew. His brother becomes his father-in-law, thereby making him brother-in-law to his brother's children and brother to his wife, and uncle and cousin to his own children. He becomes son-in-law to his brother and uncle to himself.

Paul Kauvar.

One of the strongest attractions to be seen here next season will be the revival of Steele's Mackaye's great masterpiece, "Paul Kauvar," as represented by E. R. Spencer and Isabel Pengra. They will be supported by their own company of players specially selected for this production.

This play was first produced in New York where it had a run of over one hundred consecutive nights and received the unanimous commendation of the press of that city. Its success was later duplicated in Boston, Chicago, Philadelphia, and all the large cities of the United States and Canada.

In the present production Mr. Spencer will be seen as Paul Kauvar, and having been associated with the play for several seasons under the personal stage direction of the author, he should be aptly fitted to the title role.

Miss Pengra will be seen in the beautiful character of Diane de Beaumont.

The action of this play takes place in Paris at the time of the French Revolution, 1794, and will permit of lavish display in the way of costuming and scenery.

No expense will be spared in the mounting of this production and no doubt it will be all that Mr. Spencer claims for it.

Young Men at The Helm.

The charge that the politics of Kentucky was in the hands of the fossils will no longer lie. All of the nominees for the minor offices but two were born after the first gun in the civil war was fired, and the man who heads the ticket was, during that period, at the age when tin snappers and tissue paper caps are the only outward emblems of a war-like spirit. Truly the young men of old Kentucky are at the throttle.—Times.

Every cloud has a silver lining—so lawyers say.

WORKING THE FARMERS.

The Patent Fence Scheme Repeated In Daviess County on a Tobacco Frame.

Owensboro, Ky., July 5.—Many Daviess county farmers have received circular letters notifying them that they had violated patent rights, by using a wagon frame of certain design for hauling tobacco from the field to barns. Nearly every tobacco raiser in the county has adopted this form of frame, which can be easily constructed at home or by local blacksmiths. If the owner of the patent, who claims to live at Dulaney, Ky., can recover for alleged violations, it is estimated that about 1,000 Daviess county farmers will have to pay a penalty of \$2.50 each, while fifty blacksmiths will have to pay \$10 each. Other Kentucky tobacco growing sections will be proportionately affected if the claims of the circular are verified.

A TRICK.

Troops Ordered to Lancaster on the Strength of a False Statement Made Over the Telephone.

Frankfort, July 3.—Gov. Bradley was imposed upon by some unknown fakir when he issued orders Saturday afternoon, holding several companies of the state guard in readiness for quick transportation to Manchester in Clay county. The orders were issued after the Governor had received, in Cincinnati, a telephone message purporting to be from a reliable state official, who said serious trouble was threatened and that a large detail of soldiers was necessary to prevent bloodshed. The trick was discovered yesterday and the orders at once revoked.

Caterpillars Stop a Train.

A mail train on the Passumpsic division of the Boston and Maine railroad was stopped by forest caterpillars upon the track a few miles north of St. Johnsbury. The pests had gathered in such numbers that the wheels, passing over them, slipped the rails. It frequently occurs that a large amount of sand is required to get a train over an army of the caterpillars on the march from one forest to the other. They are now entering to cocoon stage quite rapidly, and their devastations for this year are nearing an end.—(St. Johnsbury, Vt., telegram to the St. Louis Globe-Democrat.)

Goebel's Rise.

Atlanta Constitution: If ever a man has had to fight his way, not only in politics but through his life, this man Goebel is he. His career is a magnificent illustration of the possibilities of brains, energy and integrity—that combination which insures success in every line of endeavor. From a bare-footed little newsboy to the governorship of his State is a long stride forward, but every inch of this way has been honestly won, and to day in the hour of his triumph Goebel can have the satisfaction of feeling that it is all due to himself, and himself alone.

The July Demorest's is an especially seasonable number. There is more fiction than usual, there are three special fashion articles, besides the regular Paris "Review," and a delightful assortment of short topics of interest are treated in a brisk, sprightly manner.

The cover is a "Stanlows Girl," especially designed for Demorest's in that intimately chic fashion which has already made Mr. Stanlows famous.

The leading article deals with a subject of widespread interest to men and women throughout the country, especially property owners. It is a vigorous plea for "Village Improvement Societies," and gives an accurate account of some excellent photographs of the town done by the women of the Honesville, Pa., Association. "An Important Philanthropy" is the title of a most comprehensive story of the inception, growth and success of the Society for the Prevention of Cruelty to Animals, by Theodore Dreiser. The subject is well and fully illustrated.

A German government mine surveyor has entered the service of the Sultan in order to conduct coal explorations in Asia Minor.

The motto of the THIRICE-A-WEEK WORLD is improvement. It strives each year to be better than it was the year before, and the public confidence in it is shown by the fact that it now circulates more than twice as many papers every week as any other newspaper, not a daily, published in America.

DR. PIERCE'S Golden Medical Discovery

GIVES STRENGTH TO THE STOMACH, PURITY TO THE BLOOD, AND LIFE TO THE LUNGS.

It has been decided by a Paris court that the term "Freemason" is "an insulting and outrageous one."

"During the hot weather last summer I had a severe attack of cholera morbus, necessitating my leaving my business," says Mr. C. A. Hare, of Hare Bros., Cincinnati, Ohio. "After taking two or three doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy I was completely restored and in a few hours was able to resume my work in the store. I sincerely recommend it to any one afflicted with stomach or bowel trouble. For sale by R. C. Hardwick, Druggist."

It is believed that a diet of corn bread makes bigger men, physically, than bread made from wheat flour.

A SCHEME FOR HUSBANDS.

How One Man Wriggles Through His Domestic Troubles

"I have a simple scheme for wriggling out of my trouble when my wife catches me in a fib," said a perfect brute last evening to several congenial companions. "On such occasions it is a great mistake for a man to attempt any explanation. The thing to do is merely to assume an air of injured innocence. That attitude will puzzle a woman and shake her confidence in your guilt. She will begin unconsciously to cast about for some explanation, some theory, some clue to the mystery, and when she finds one, no matter how preposterous, she will be so pleased by her own cleverness that it is easy to persuade her to accept it out of hand. You see, I have reduced the thing to a science. To illustrate: I told my wife not long ago that I would be detained over my books until past midnight. After I left, some neighbors, confounded, invited her to the theater, and during the last act she saw me, of course, with some of the boys in the parquette. When I got home there was an explosion. I said nothing. I simply looked at her sadly, wistfully, reproachfully. Next day there was another explosion. I resumed my tactics. That evening she said: 'Look here, Charley, I want you to tell me whether you really went to the theater to see Col. Hawkins.' Then I remembered suddenly that Hawkins was seated at my left, and also that she knew I had been trying to close a large-sized business deal with him. In the goodness of her heart the dear girl had arrived at the conclusion that I must have gone to the show to clinch that contract. I smiled slowly. 'I would have thought, Mary,' I replied, with great gentleness, 'that something of the kind might have suggested itself to you before.' That was enough. She wept copiously. I was not a monster; I was a martyr. Eventually I forgave her upon her solemn promise never again to suspect me of an untruth. So you see how it is. If I had tried to explain I would doubtless have made a mess of it and planted lasting seeds of distrust. As it turned out, the episode redounded to my credit. It's a great thing to have brains, boys, when you're dealing with women."—N. O. Times-Democrat.

GETTING A PLACE.
A suggestion for Young Men Just Starting Out in Life.
Almost every man who has succeeded in establishing himself in the business or professional world, is constantly applied to that he may use his influence to secure a position for that or that person, where he may have an chance to earn a livelihood or secure a foothold that may result in earning a livelihood. Every right-minded man is glad to render this service to those who are worthy; and in rendering it he frequently does the future employer as great a favor as the employee, for it is a substantial advantage to a business man to have trustworthy, intelligent and ambitious subordinates. But it is well to remind those who are in search of positions that their wisest course is to improve the first decent opportunity that offers to secure a foothold in the world of self-support. It does not make a very great difference where one starts. If the employee has the qualities that make him valuable the employer will discover it, or if he does not some other employer will. The most fatal obstacle to success is for the employee to render in service what he deems an exact equivalent for his wages, not to take an interest in his work and not to consult his employer's advantage. Such persons are of a very poor type and find themselves first to be discharged, and then are the employers are imperative. It is well to remember that the value of any position is not to be measured simply by the pay that goes with it, but by its opportunities for advancement, and by the chance that it may directly or indirectly bring the one who holds it into relation with larger and better things.—Boston Watchman.

To Read the Log.

A Swedish inventor has patented an addition to the log, by which its readings may be directly shown in the chartroom or conning tower. The instrument is connected by means of an electric cable to a contact mechanism giving a suitable number of contacts per mile to the part of the instrument that points out the distance on a dial graduated in miles. The instrument points out the miles exactly according to the taffrail log; it registers the miles per hour, and gives, if desired, a signal on an electric bell when a certain distance has been traveled.

People who denounce the Goebel election law are generally misled in their knowledge as to what the new law really is. It simply constitutes a State B and of three, whose duties are purely ministerial, to take the place of the old board, which was composed of three Republicans—the Governor, Attorney General and Secretary of State. The powers of the new board are not one whit greater than of the old board. Three men of different political parties perform the same functions for each county and have besides the appointment of election officers, who must be of different political parties—a result not assured under the old law.—Henderson Journal.

E-RU-NA'S VICTORY.

Dr. S. E. Hartman, Columbus, O.

DEAR SIR:—I feel likewise woman since using your E-RU-NA.

Your medicine has helped me so much that I can now work and never feel tired out. When I first began to use your medicine I couldn't sweep my own room, run the sewing machine or lift anything, not even a box. It has helped me to ride or walk any distance. Now I can do all this, and I believe more, and never feel the effects of it. I feel so proud of the way it has brought me out that I tell it far and near. I can heartily recommend your medicine to any woman suffering from female disease. I know from experience that your medicine will do just what you say it will. I thank you, Doctor, a thousand times for your treatment. I shall recommend your medicine wherever I go. I know what it has done for me and I know it will do the same for others. I feel that there are thousands of other women who would, after using your treatment, as I did, be thankful. I am so glad I got your treatment. This month is the first time in my life that I can remember of having my menses without pain. Why, I can't do anything but recommend E-RU-NA. Miss Emma L. Bolden, Wilberforce, O. The E-RU-NA Medicine Co., Columbus, O., will mail Dr. Hartman's special book for women. Free on application, to women only. All druggists sell E-RU-NA.

"KISSING BUG"

On Her Lip When She Awakened—Husband Killed the Insect.

Lima, Ohio, July 5.—Early this morning Mrs. W. B. Cheney was awakened by a stinging sensation and in a few seconds her upper lip was swollen to twice its natural size. Mr. Cheney was aroused and succeeded in killing the "kissing bug," which inflicted the bite. It is about half an inch long, resembles a winged ant with a pointed bill turning downward and bent backward toward the body. Mrs. Cheney is suffering very greatly from the sting, but it is not thought there will be any serious results.

PLANT'S WILL.
Gen. Fitzhugh Lee Reported to Have Been Left Half a Million.

Mobile, Ala., May 6.—Copies of La Lucha, a Havana newspaper, arriving here to-day's mail, announce that the will of the late H. B. Plant bequeaths \$500,000 to Gen. Fitzhugh Lee and \$500,000 to Gen. Maximo Gomez.

Goebel Used no Liquor.
The editor of the Ewing Enquirer has this to say about Senator Goebel: "We desire to make a statement in justice to the man who has been so bitterly opposed by a few ministers in this county. At the headquarters of Wm. Goebel at the Galt House in Louisville during the late disgraceful meeting of the Democrats of the State, there was not a bottle, case, keg or barrel of whiskey, wine, beer or brandy in his rooms, nor was there a drunken man in his delegation from Kenton county, while there was an incessant haughty quantity, what was termed by those who used it 'the best' in all the rest of the headquarters we visited. We do not say this to injure another, nor as a slur at the party, for the Republican conventions are as disgraceful, but we speak of it to remind those who should be moral teachers that they must not too hastily judge."

FOR REPRESENTATIVE.

Two Democratic Candidates Already Announced.

The growing belief that the Democratic ticket is going to sweep the State this fall by an old-time majority is causing candidates for Representative to be plentiful in many counties heretofore carried by the Republicans. In this county there are already two candidates and both are thoroughly imbued with the idea that this is the time for Christian to go Democratic, something it has not done since 1890.

Lieut. Col. Jouett Henry, late of the Third Kentucky Regiment, who returned from Cuba some weeks ago, to-day accepts a call upon him to become a candidate and promises to make an active and winning fight.

Mr. Jos. A. McCord, of Era, was also in town Saturday and announced his intention to run. He is a young farmer about 30 years of age, who is a cousin of Editor J. F. Rogers, the Republican nominee.

MILITARY COMPANY.

A Company of State Guards to be Organized.

Active steps are being taken looking to the organization of a new military company to take the place of the Latham Light Guards in the proposed Third Regiment. The first meeting was held last night and a good many young men have already enrolled themselves.

The muster roll will be submitted to Gov. Bradley for approval and when accepted the officers will be elected and the company mustered into the State service.

Most of the young men who were members of the former company will likely be in this one.

CITY FATHERS

Held a Busy Session Friday Night.

Two Bidders on Electric Lighting—Street Numbering Will Be Unchanged.

The city council met in regular session Friday night with all of the members present.

The City Judge's report showed \$559 in fines imposed during the month.

The collections by the Chief of Police amounted to \$138.50.

The City Treasurer reported \$3,181.89 in collections and \$4,013.35 in expenditures for the month.

Several tax payers were heard and allowed reductions on their assessments.

A petition asking the council to change the numbering system of the city in the interest of a party from Paducah was presented by Mr. Tibbs. The council by a vote of 5 to 2 decided to make no change, but endorsed as official the numbers in Meacham's Directory.

The principal matter coming up was the question of renewing the electric street lighting contract expiring in October. The street committee reported that only electric lights would be used and the present number of 40 increased to 60. The Hopkinsville Gas and Lighting Company appeared by attorney and asked for a franchise in order to become a bidder. The sale of a franchise was ordered and the Gas company will put in a bid and if successful will build a plant in time to begin service in October. The franchise application guarantees a maximum charge of \$80 per light. The present Electric Light Company will of course also bid on the contract for another year.

The Board adjourned to meet again last night to consider the franchise asked for.
